They don't make them like this anymore! This custom cedar home was built in the 80's with gorgeous hardwood cedar ceilings and walls. Recently renovated with chic & charm, this home now gives you all the rustic & modern farmhouse character. Your living room features 12 ft vaulted T&G ceilings and enormous windows that allows for an abundance of natural lighting and views of your front yard. The Kitchen is a 20x20 space also with vaulted ceilings that opens up to your front lanai/sundeck and a deep kitchen pantry with pull out drawers, perfect for all that Costco storage. The cabinets are custom built and locally made. For the chef, a 36" wide dual-fuel (gas cooktop, & electric oven) range with 5 large burners- enjoy the luxury of gas cooking without burning fuel for baking. The countertops are made of Quartz, and the custom made island has table dining perfect for breakfast or watching the chef cook- but there is plenty of space for a full size dining table in the corner! The entire second floor is dedicated to the primary suite, complete with a full bathroom & step-in shower. In addition, there is a spacious loft that you can use as a large office space, play area, or second living area. Located off the loft, is the primary suite lanai- approximately 10x20 ft space that overlooks the back yard and has amazing breezes. What makes this property extra special- is the yard! The partially fenced front yard has a small fire pit & a mini forest that provides the perfect amount of shade. The

spacious back yard allows for lots of play, and features a mini chicken coop and small fenced in paddock that can be used for either gardening or animals. Carport has a Tesla car charger. Lychee, Mango, Coconut & Avocado trees- plus a variety of native red and orange Ohia Lehua, Puakenikeni, privacy palms, and pine trees.
