Pili Mai 4K is a rare combination of space, style, and practicality in the heart of Poʻi Beach. This ground-floor, single-level corner villa offers 3 bedrooms, 3 bathrooms, and a layout that balances privacy with open, connected living.

Pili Mai is the only development in Poʻi offering this type of hybrid lifestyle—condominium ease with the feel of a single-family home. For those who want the benefits of a garage and a modern floor plan without the upkeep of a standalone property, 4K fits the bill. Although county zoning allows for vacation rental use, this villa has never been rented and has been maintained solely as a private residence in excellent condition.

The Hoku floor plan features 9-foot ceilings, 18 windows, and two lanais, inviting in natural light and framing views of the surrounding landscape. Thoughtful design and quality finishes include central A/C, custom acacia cabinetry, granite counters, Bosch appliances, and under-cabinet lighting in the bathrooms.

The primary suite has an additional entry to the lanai and features a walk-in closet. The second en suite bedroom offers another walk-in closet, and the third bedroom is currently styled as a home office.

Notable features:

- Zoned For Vacation Renting
- On-site Pool, spa, fitness center, and children's pool
- Master Bedroom leads out to lanai
- Second lanai at entry
- Private 1-car garage with two entrances and epoxy
